facts which in the judgment of the commission may assist the federal trade commission in preventing the dumping of foreign products upon the American market in unfair and destructive competition.

**To Obtain Information.**

"To investigate the administrative and fiscal effects of the customs laws now in force or hereafter enacted, the relations between the rates of duty on raw materials and those on finished or partly finished products, the effects of ad valorem and specific duties upon revenue and industries, the arrangement of schedules of duties and the classification of the articles in the several schedules, and the provisions of law and rules and regulations of the treasury department regarding entry, appraisement, invoices and collections.

"To investigate the tariff relations between the United States and foreign countries, the effect of duties imposed on American products in foreign countries, the existence and effects of discriminating duties, commercial treaties and preferential provisions, the effects of export bounties and preferential transportation rates, and the effects of any special or discriminating duties that may be levied by the United States.

**To Investigate Conditions.**

"To investigate the industrial and revenue producing effects of existing or proposed duties on products which compete with the products of American industry, the conditions of competition between American and foreign producers, including the cost of labor, raw material, transportation, fixed charges and other elements which contribute to the unit cost of production of any foreign country, the volume of importation compared with domestic production, the nature and cause of the advantages and disadvantages as compared with foreign products.

"To investigate the prices, both wholesale and retail, at which foreign products are sold in foreign markets.

## Today And A Generation Hence

The flight of time makes us think of the future. The baby of today reflects what greatness may be achieved when it grows up. And any influence that brings relief to the expectant mother, and the greatest of obligations. There is a special remedy known as "Mother's Friend," a helpful daily influence, to a host of women. Applied externally to the muscles they become pliant, they stretch without undue pain, there is an absence of distress, the nerves are soothed by taking away the burden of leaving all in just natural conditions.

There is "Mother's Friend" the direct and immediate help that all expectant mothers require. Used by their own hands, guided by their own minds, they learn at once the blessed relief from morning sickness resulting from undue stretching. They experience daily calm and nightly rest. It is indeed "Mother's Friend." Get a bottle today of any drugist. Then visit Bradford's Regular Co., 410 Lamar Bldg., Atlanta, Ga., for one of the most entertaining and valuable little books ever presented. It is worth writing for.

## PREPAREDNESS STRONGLY URGED BY DR. JAMES

President of Illinois State University Declares Volunteer System Worthless in Case of Sudden Attack.

Philadelphia, Feb. 11.—The immediate needs of the country as pointed out by the European war were discussed by Edmund J. James, president of the University of Illinois, at the twenty-seventh annual dinner of the Pennsylvania Scotch-Irish Society here tonight. The conflict abroad, he declared, "has created an acute situation which we must meet promptly by the adoption of permanent and far-reaching policies."

Our first and most immediate need, Mr. James said, is "a more effective system of national defense." To enable the United States to maintain its rights and protect its citizens, he favored "universal liability to military service," and a world league to enforce peace, "with power behind it and willingness to use the power."

**Volunteer System Bad.**

"In the presence of an armed world and the possibility of sudden attack," the speaker said, "it is pure bunk of a criminal sort for any statesman or citizen to tell the American people we can rely on our volunteer system."

"Our second immediate need," Mr. James said, "is to establish a tariff policy whereby we can protect efficiently and quickly the industries of this country from the sudden disaster which easily may come to them, as a result of the tariff strike for the repression of world markets which certainly will be an outcome of the European struggle."

**Must Be Independent.**

Mr. James declared the United States must accept a policy of comprehensive and harmonious development of our industries as a whole, so that we shall not be dependent upon foreign countries for any of the elements fundamental for our industrial prosperity.

"We must," he said, "have a permanent and wise tariff policy directed toward the industrial development of the United States, which, by holding an even hand between labor and capital, shall secure to each a just return without taxing unfairly the consumer. An important element in that policy would be the right kind of a tariff commission."

**Merchant Marine.**

"An adequate merchant marine," Mr. James urged, "is our most immediate need." Mr. James held that "definite policy of encouragement to foreign commerce is a natural and necessary complement to an intelligent tariff policy."

As a nation, Mr. James said, the United States had learned from the war that it was not a military power, without defenses, that we were industrially dependent on Europe for some of the necessities of getting out or into the United States, and that we were dependent on Europe for means of getting out or into the United States, and that we were dependent on Europe for means of getting out or into the United States.

and the prices at which American products are sold in foreign markets as compared with the prices at which the same products are sold in the American markets.

"To investigate any particular subject whenever directed by either house of congress.

"To co-operate with all appropriate agencies of the federal government in performing the duties and exercising the powers herein prescribed."

**May Be Administration Measure.**

Whether this bill is to be regarded as the administration measure is a question which can not be answered at this time. It is known that Mr. Doremus has had several conferences at the White House on the subject and that he made his final draft of the bill after spending a half hour with the president Monday noon. He has had a conference with Henry T. Rainey of Illinois, who is a member of the ways and means committee to have charge of the tariff commission legislation. Rainey has introduced a tariff commission bill which does not attempt to take the tariff out of politics, but the Illinois member has said he would stand for that feature of the Doremus bill if it shall appear possible to pass it.

"As far as I am concerned," said Mr. Doremus, "you can quote me as predicting that a tariff commission bill will be passed by this congress at this session. And I shall do all in my power to make it the best possible measure."

## TAFT IS OUTSPOKEN FOR PREPAREDNESS

Washington, Feb. 11.—Former President Taft told Red Cross workers here today that adequate military preparedness was absolutely necessary and that the Red Cross was one of the branches very necessary to that preparedness.

"It takes an earthquake to wake the American people up sometimes," said Taft. "They sleep and decline to give a dollar for what they must pay millions for later. Adequate preparedness and I mean military preparedness is absolutely necessary."

Mr. Taft was speaking in behalf of the movement to secure 1,000,000 members in the Red Cross society.

## EXPLOSION OCCURS IN BETHLEHEM PLANT

New Castle, Del., Feb. 11.—Six hundred pounds of powder exploded in a dry house at the projectile plant of the Bethlehem Steel company near here tonight, injuring two workmen and completely wrecking the building. The cause of the explosion has not been determined.

There was no one in the dry house at the time, the injured men being employed in an adjoining building. Several minor injuries were slightly injured. The force of the blast was terrific and was felt for miles around. The financial loss is trivial.

## Mittner Gets Jail Sentence

New York, Feb. 11.—A sentence of ten days in jail for failure to declare dutiable merchandise brought into this country as personal baggage, was imposed by Federal Judge Clayton today upon Mrs. Emilie Wittgen, a San Francisco milliner. Sentence was pronounced after the woman had pleaded guilty to the charge, which was that she had defrauded the government out of duties amounting to \$57. Judge Clayton said that he regretted having to impose a harsh sentence, but that it was necessary to put a stop to smuggling merchandise in this manner.

## Shipped Whiskey as Oatmeal

Chicago, Feb. 11.—Fifty barrels of a commodity which is admitted to have left El Paso, Tex., as oatmeal and to have arrived at Garden Grove, Ark., as whiskey, caused the arrest here today of Clarence E. Gandy, El Paso. He was charged with shipping liquor into dry territory. He waived examination denying that he had anything to do with the shipment. He will stand for El Paso tomorrow.

## NOTED SWINDLER AGAIN DODGES LAW OFFICERS

John H. Putnam, Sought for Fraudulent Use of Mail, Is Identified as Notorious Dr. J. Grant Lyman.

New York, Feb. 11.—John Putnam, who is being sought by postal inspectors in connection with a conspiracy to defraud investors in mining stocks by illegal use of the mails, was identified today by officials declared, as Dr. J. Grant Lyman, convicted in 1914 in Los Angeles for mail swindles and sentenced to two years imprisonment, but who jumped his bail.

Lyman, who operated in this city under the name of John H. Putnam & Company, escaped arrest yesterday and is believed to have sailed for Europe on the steamship Baltic.

Louis Thorne, who acted as manager for Putnam & Company, was arrested late today by order of Assistant United States District Attorney Stanton on a charge of being concerned with Lyman in a conspiracy to defraud investors by use of the mails. He will be arraigned tomorrow before United States commissioner Lyman and Thorne are said to have served a sentence together in the federal penitentiary at McNeil's island, Wash., for mail breaking.

## ATTORNEY SAYS LYMAN IS IN FRENCH WAR ZONE

San Francisco, Feb. 11.—"Doctor" John Grant Lyman was reported to be in France, possibly in the allied trenches, according to Paul Schenck, of Los Angeles, attorney for Lyman, who appeared today in the United States circuit court of appeals to ask that fees of about \$1,500 off an appeal on a sentence for using the mails to defraud be waived. He offered two-year-old affidavits of poverty made by Lyman.

The court refused to accept Lyman's old affidavits of pauperism and demanded testimony.

Schenck, it was said, holds Lyman's note for \$25,000 for legal services. Lyman was reported to have dealt with the late King Leopold of Belgium. During his trial witnesses came from many parts of the world to testify to alleged sale of land in Panama at \$5 an acre. While held on another charge here, Lyman escaped and subsequently served two years at McNeil's island for his break for liberty. He is at large on bail bond of \$20,000 pending his appeal.

## CARRANZA MAY PACIFY INDIAN REVOLUTIONISTS

Captured General Arguedo Goes to Meet First Chief; Red Men Enraged Over Alleged Desecration of Church

Torreon, Coahuila, Mexico, Feb. 11.—Operations of the de facto government against the Durango opposition sustained by General Arguedo, Camilo Reyes, Pavea Cenceros and Calixto Contreras, has been suspended while the government is seeking peaceful solutions of the long-prolonged fighting.

It is believed that a meeting between General Arguedo and General Carranza may result in ending this opposition. General Arguedo was taken through Gomez Palacio en route to Queretaro late last night. General Carranza today was reported to have said that General Arguedo will probably be taken there.

The capture of General Arguedo and his generals, Marroquin and Manchaca, was accomplished through a woman's aid. It is reported here.

The woman, it is reported, invited the three men to the Paradija ranch, which was surrounded and the three rebels captured after a short fight during which all three were wounded. They were treated at the McKinack hospital at Durango and have been afforded every comfort since their injuries.

General Arguedo's arrest is considered of great importance, since he was the most aggressive general in the opposition and thoroughly familiar with the trails and mountain districts of Durango.

**Indians Are Panicked.**

General Arguedo's followers were located today between Quimiquima and San Miguel. The most fanatical of the rebels are the Quimiquima Indians under the leadership of Gen. Calixto Contreras. They profess no political leaning and their opposition is based on indignation over the alleged desecration of the Quimiquima church by camp followers of the de facto government army. It is said the women camp followers clothed the lunge of the Virgin of all clothes in order to adorn themselves for a dance.

To relieve the local shortage of food it was arranged today to exchange 1,500 tons of cotton seed for about 15,000 bushels of American corn.

The state of Durango has a surplus bean crop and sufficient corn will be new crop is harvested, provided none is exported.

## PIZANA'S FATE IN THE HANDS OF CARRANZA

Brownsville, Tex., Feb. 11.—General Venustiano Carranza, head of the de facto government of Mexico, will decide whether Aniceto Pizana shall be turned over to American authorities to stand trial on charges of leading bandit raids into Texas during which a number of persons were killed and property destroyed.

Pizana's arrest and incarceration in the Matamoros jail resulted from orders given by the first chief.

This announcement was made tonight by General Alfredo Ricourt, commander at Matamoros, and the arrest of Pizana had been reported to General Carranza. Four other Mexicans, it was announced, also have been arrested in connection with efforts of the Mexican authorities to suppress bandit gangs, and are being held and communicated in the Matamoros prison.

Orders have been given by General Carranza for the arrest of Luis de la Rosa and four other men, General Ricourt said. De la Rosa is known among Mexicans on the border as the leader of the "Texas revolution."

Basilio Ramos, Jr., alleged secretary of the notorious "Plan of San Diego," by which a part of the United States was to be conquered and made into an independent republic, Augustin Garza Jr., Manuel Rodriguez, and Domingo Arredondo were named by General Ricourt as the other men sought.

## Walter Nelson Laid to Rest

Silver City, N. M., Feb. 11.—The funeral of Walter Nelson, manager of the New Mexico Cattle company, and one of the city's best known business men, was held here yesterday, burial being in a local cemetery. The funeral was in charge of silver city lodge No. 412, F. & O. E., of which the deceased was a life member. The obsequies were very largely attended. The father of the dead man, P. S. Nelson, of Wichita, Kas., and a brother, M. J. Nelson, of Buffalo, Okla., attended the funeral. They will remain here for several weeks to clean up the estate.

## BETTER TERMS FOR OIL MEN IN OKLAHOMA

Washington, Feb. 11.—The senate Indian affairs committee today recommended that the oil lands on the Osage reservation in Oklahoma be renewed for one year and voted a favorable report in the La Follette resolution which would extend the lease existing on March 1, for five years. Under the proposed extended lease, the operators would pay one-fifth of their revenues from all wells yielding more than twenty-five barrels a day and one-sixth on production un-

TODAY ONLY. \$4.95

## ALASKA RAILROAD TRACK LAYERS STRIKE

Seward, Alaska, Feb. 7 (via Valdez, Feb. 11).—Track laying on the Koyuk river, from Anchorage to the Matanuska coal fields was stopped yesterday by a strike on the steel gang working at Peter's creek. Sixty men, mostly Americans, quit work demanding increased pay.

The striking track layers demand fifty cents an hour. They have been receiving 37½ cents an hour. Lieut. Frederick Mears, U. S. A., of the Alaska engineering commission, today sent three deputy U. S. marshals to the scene of the strike to preserve order. The building car and the track laying outfit was returned to Anchorage.

Lieutenant Mears said that he anticipated no trouble other than the delay in construction work while securing men to replace the strikers.

## FLASHY CLOTHES GET \$400,000 FOR WEARER

Chicago, Feb. 11.—Keith Edward Dalrymple wore flashy clothing and for this reason was taken to the police station by detectives tonight. Had it not been for this Dalrymple would not have known that he was heir to \$400,000 and that the police of the country had been on the lookout for him for four years to tell him so.

Young Dalrymple ran away from his home at Silem Springs, Ark., in 1908. His father prospered in the oil business and moved to Fort Allen, Pa., where he died four years ago. The runaway was the heir.

After leaving home young Dalrymple went to New York, where he worked in department stores. Later he worked at Buffalo and Detroit.

## ARAB FORCE BEATEN BY BRITISH ON TIGRIS

London, Feb. 11 (10:42 p. m.).—The war office tonight made public the following official communication:

A dispatch received regarding operations in Mesopotamia reports that as the result of an attack by Arabs, supposed to be friendly, on a reconnoitering party returning to Nasir from a reconnaissance up to the Shatt-el-Hai branch of the Tigris river, the British suffered casualties aggregating 373 and the Arabs lost considerably over 300 men killed.

A small punitive expedition dispatched January 9 completely surprised the Arabs and destroyed four of their villages. The British suffered only six casualties.

**To Prevent the Grip.**

When you feel a cold coming on, stop it by taking LAXATIVE BROMO QUININE. It destroys germs, acts as a Tonic and Laxative and keeps the system in condition to throw off colds and grip. There is only one "BROMO QUININE." E. W. GROVES' signature on box. 25c.

Real estate problems—purchasing, sales or lease—are easily solved by Journal want ads. Read them. Use them. Do it today.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with indigestion, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All drugists.
